

The background is a light-colored, possibly beige or cream, marble with subtle, irregular veining in shades of brown and green. Overlaid on this is a white geometric pattern consisting of a large diamond shape divided into a grid of smaller diamonds and squares. The word "MARBLE" is centered within this pattern.

MARBLE

Introducing...

Amtico Signature Marble is an elegant, timeless design new to our Décor collection, and Parquet and Linear Block laying patterns.

Perfectly suited to the individually cut and bevelled tiles, we've transformed the luxury of marble into beautiful floors, evocative of historical British floor designs.

The unique luxury of marble inspired these new monochromatic colours for stunning interior design impact. This versatile flooring can highlight key spaces in traditional or modern homes, and combine with Amtico's unique laying patterns for beautifully detailed flooring.

Water resistant

Spill and splash resistant

Easy to clean

Suitable for underfloor heating

Designed and
made in Britain

Décor Corona adds intricate neutral pattern to a space. Introducing a coordinated field of Marble Parquet into a larger space completes the look - creating a classically beautiful floor.

Senior Laying Patterns Designer

Corona Bianco

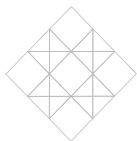

Intricate geometric details are instantly on show in monochromatic and marble colours. Created with Amtico Signature Marble, Kuva Caraway and Stria Volcanic - DC295

ELEGANT. TIMELESS. DESIGN.

Both Corona Argent and Bianco are available with a Marble Diamond border. This fits alongside either colour option, defining the edges of Amtico Décor across a space.

Use Amtico Décor with a Marble laying pattern when you want to extend the look across a wider space. Select from our two exclusive Amtico Signature Marble laying patterns.

Corona Argent

Our striking design epitomises classic beauty when in this marble and metallic grey stone combination. Created with Amtico Signature Marble, Kura Caraway and Stria Volcanic - DC294
